FAQs on RMDs

- ▶ How can I get the software to calculate an RMD for a non-owner who is not terminated?
 - ▶ If there's no RBD, the edit data link will not be available - the participant may still take a distribution but it's not an RMD

FAQs on RMDs

- ▶ I have ending balances added on the transaction menu; why are the RMD amounts not calculating?
 - ▶ RMD amounts are calculated based on all transactions, just like the financial reports & participant statements. If you add a beginning balance batch and run one of the financial reports, the RMDs should calculate.

FAQs on RMDs

- ▶ Is there a way to run a report showing participants across all plans requiring an RMD?
 - ▶ Yes, designated Admins will see the All Plans option as well as This Plan on the main RMD screen in any plan
 - ▶ Remember that the data scrub AND one of the financial or vesting reports both need to be run for each plan for the report to be accurate
 - ▶ See Tip of the Month

Tip of the Month #1

- ▶ Review the dates in the General Features section of Plan Specifications
 - ▶ Check that all three date fields are correctly populated:
 - ▶ Plan Year Begin Date
 - ▶ Plan Year End
 - ▶ Original Effective Date

Tip of the Month #2

- ▶ If you want to run the RMD report across all plans, first do the following:
 - ▶ Go to Tools/Settings=>Workflow to see the Workflow grid. This lists all plans on your account with the latest year-end added and you can see whether the scrub has been run
 - ▶ Go to Miscellaneous=>Miscellaneous Reports and select one of the Vesting Export reports for all plans - this calculates vesting
 - ▶ Only designated admins have the options to run global reports

Tip of the Month #3

- ▶ Sending out a census request without hire dates
 - ▶ When you use the 'Download Prior' link to download a census worksheet, the hire and termination dates are not included
 - ▶ They do not need to be re-uploaded, because they are already in the system
 - ▶ You can add the field: M:EarliestHireDate to the census grid - this is the original hire date and does not change. We don't recommend this!
